**Ambitious

Gender Pay
Gap Report**

Snapshot date: 5 April 2022

Overview

Ambitious about Autism is committed to the principles of equal opportunities and equal treatment for all employees, regardless of sex, race, religion or belief, age, marriage or civil partnership, pregnancy/maternity, sexual orientation, gender reassignment or disability.

Ambitious about Autism has a clear policy on paying employees equally for the same or equivalent work, regardless of their sex (or any other characteristic set out above).

As such we have a transparent and fair total reward policy which is reviewed annually. We:

- Evaluate job roles and pay grades as necessary against our job evaluation framework and job family scales;
- Review (as necessary) our job families, pay grades, salary ranges and incremental pay points to ensure we have a fair structure and framework in place that meets the needs of the organisation, reflects the market and is affordable;
- Seek independent advice and guidance on pay matters and policy when required.

Under the Equality Act (2010) and Gender Pay Gap Information Regulations 2017 Gender Pay Reporting includes reporting on:

1. The difference in the mean pay of full-pay men and women, expressed as a percentage; (mean arithmetic average of the population);
2. The difference in the median pay of full-pay men and women, expressed as a percentage; (median is the middle point of the population)
3. The difference in mean bonus pay of men and women, expressed as a percentage;
4. The difference in median bonus pay of men and women, expressed as a percentage;
5. The proportion of men and women who received bonus pay; and
6. The proportion of full-pay men and women in each of the four quartile bands (i.e. dividing the workforce into four equal parts).

We have carried out the calculations using our HR and payroll records using the snapshot date of 5 April 2022.

We have used the results of the data to assess the levels of gender equality in the workplace, the balance of male and female employees at different levels and how effectively we are maximising and rewarding talent.

We have discussed our results with our Nomination and Remuneration Committee, Equity, Diversity and Inclusion Committee and Staff Council. We have developed an action plan and integrated this into our Equity, Diversity and Inclusion Strategy and Plan for 2021-24 to improve our recruitment, development and retention of a diverse and inclusive workforce.

Next steps
